[Quantum Field Theory](#)

(1996-1999)

A program in Quantum Field Theory for mathematicians was held at the Institute for Advanced study during the academic year 1996-97. The participants and lecturers produced lecture notes and problem sets (and some solutions to problems) throughout the year, which are stored here. This web site is in its final form as of January 21, 1999; the intention is to leave it in place indefinitely.
